The **Third International Conference on COMmunication Systems and NETworkS (COMSNETS)** will be held in Bangalore, India, from 4 January 2011 to 8 January 2011. COMSNETS is a premier international conference dedicated to addressing advances in Networking and Communications Systems, and Telecommunications services. The goal of the conference is to create a world-class gathering of researchers from academia and industry, practitioners, business leaders, intellectual property experts, and venture capitalists, providing a forum for discussing cutting edge research, and directions for new innovative business and technology.

The conference will include a poster session to showcase work in progress. The poster session is an effective forum to get valuable feedback from knowledgeable conference attendees. Students are especially encouraged to submit a 4-page abstract describing ongoing research on topics including, but not limited to those listed below. The original submission itself should adhere to the camera-ready format as described at http://www.comsnets.org/camera_ready.html and will be published as is, if accepted. For detailed instructions on the submission process, see http://www.comsnets.org/poster_session.html.
